CHURCH PLANTING MISSIONARIES IN LIMA, PERU
JULY, 2019

Hello from super cold and gray Lima! Many of you are experiencing record warmth, but everyone here south of the equator is freezing!

July is Peru's Independence month! As well as celebrating Independence Day, everyone gets 2 weeks off of school and the pace usually slows down here in the city as many people travel outside of Lima. This year is different as Peru is hosting the Pan American Olympic games. These games have made moving about in Lima considerably more complicated. The largest sports complex for these competitions is in Villa Maria, about 10 minutes from the Legacy Center.

Paul and Meagan Hopkins have arrived! Their vision is to begin their ministry in the neighboring district of Villa El Salvador. In record time, God has blessed Paul and Meagan with an apartment, the receipt of their container, bank accounts, a car, and so much more! Please continue to pray for them as they begin language studies and as their girls begin school soon.

Bob and Becky Bass are being added to our team. The Bass' have been serving in the jungle of Peru for 5+ years and now will be working alongside us in the outreach and orphan care side of our ministry here in Lima. Please pray for them and their son Colton as they are in the US fundraising.

Birthdays: July is a month where we celebrated many birthdays at the Legacy Center. We had a joint birthday party for one of our Legacy Center kids, Jeremy, as well as our Summer Intern Keagan and Elmo. Jeremy and his family are refugees from Venezuela and they have become faithful members of Mosaico Church and the Legacy Center after-school program.

Wedding: We also celebrated the wedding of Edwin and Jess Barreto. Edwin and Jess are longtime friends and Edwin was our business manager for The ONE Collective. God answered their prayers and Edwin was approved for a visa to the US and they are excited to begin this new chapter of their life together!

Furlough: We will be stateside next year for the first stateside assignment in 6+ years and we would be honored to come and present the amazing ways that Jesus is working here in Lima! Email or Text us to get that scheduled!

Will you join us as we pray for the team that will lead Mosaico and the Legacy Center during our time on Furlough? God has brought us one additional family that is praying about moving to Lima from another city in Peru to join forces with us. Please pray that they are open to God's leading!
